Hello to all our residents.

MAYOR'S MESSAGE

There's been a bit going on in the region recently – the Hawker Races, Pichi Richi Marathon, and the inaugural Rally of the Ranges to name a few big drawcards. The Rally of the Ranges was a terrific and very successful event, bringing in hundreds of visitors in car crews, officials, and spectators to see our spectacular countryside. All accounts I've heard are very positive, about our roads, scenery, community and the event organisers, and it would be great to see it bring people back every year! A huge congratulations must go to the event organisers, John and Lisa Simpson, to Jeremy Browne for his expertise and involvement, and to all the volunteer officials who made the rally possible.

The ballot of community members relating to support or otherwise for the establishment of the National Radioactive Waste Management Facility in our area is getting closer. All residents on the electoral roll at an address within the Council area will receive ballot papers from the AEC, however it is **very important** that any **Non-Resident ratepayers** who wish to have their say **register with Council** to be included on the Supplementary Roll so that they also receive ballot papers. (The same Supplementary Roll will also allow those Non-Resident ratepayers to vote in the upcoming Council Elections later in the year.)

This is, very obviously, a decision for all of us which will have significant and long-lasting ramifications for our region and our community. It is of critical importance that each person makes their own assessment of the opportunities and risks associated with the proposal, and makes an informed decision about the proposed facility.
